

PROTECTIVE BOOTS

Highest quality materials and technology are used to make Domma Products.
 TPU shell - flexible and protective in all climates
 Closed cell EVA foam interior - molds to the horses leg and does not retain water
 Lining and binding - soft, non-abrasive and easy to clean
 Locking systems - durable and easy to use
 Clean-up - cold water rinse and air dry quickly
 Color - Black
 Size - Horse size (fits warmbloods)

Product tested and used by leading show hunter trainer Louise Serio of Derbydown Stable.
